As a general guide, allow around 100g of cheese per guest

All sizes and weights are approximate due to the nature of the cheese and the tolerances in cutting and manufacture.

The cheese will need to be refrigerated on receipt and ideally kept refrigerated until an hour or so before use.

We only supply the cheese, there are no decorations, cake boards and any display items included in the price.

For deliveries of cheese, please add an extra £10.00 within the British mainland - the cheese will be couriered overnight.

Having a themed wedding, for example, Goth? We can get a number of different cheeses coated in black wax - please contact us for details. This option must be ordered at least 6 weeks in advance .
